REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art of record fail to teach or suggest a ferroelectric memory device comprising a memory cell array region, a plurality of main wordlines, a plurality of main bit lines, a plurality of sub wordlines, a plurality of sub bit lines, a plurality of ferroelectric memory cell, a plurality of first sub wordlines select switches, a plurality of first sub bitlines select switches, at least one unselected wordline potential supply lines which supplies an unselected wordline potential to the sub wordlines, at least one unselected bitline potential supply line which supplies an unselected bitline potential to the sub bitlines, a plurality of second sub wordline select switches, each of the second sub wordline switches being disposed between the other end of one of the sub wordlines and the unselected wordline potential supply line and being driven independently at least in one of the other sector regions, and a plurality of second sub bitline select switches, each of the second sub bitline select switches being disposed between the other end of one of the sub bitlines and the unselected bitline potential supply line and being driven independently at least in one of the sector regions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Son T. Dinh whose telephone number is 571-272-1868. The examiner can normally be reached on Monday to Friday 8am-5pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard Elms can be reached on 571-272-1869. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
